REMARKS/ARGUMENTS

This is in response to the August 14, 2006 Notice of Non-Compliant Amendment. The Amendment filed on June 6, 2006 was in response to a non-final Office Action of February 6, 2006.

The explanation attached to the Notice identified lack of proper markings for a correction of a spelling error in the claim 34 as an example of the basis for the Notice of Non-Compliance. Applicant's undersigned attorney called the Examiner to ascertain what additional changes, if any, did not have the appropriate markings to indicate a change. The Examiner generally referred to those claims that had been objected to in the earlier Office Action (February 2006).

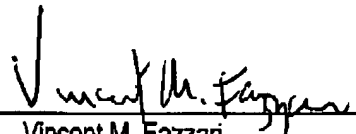

A review of the claims revealed that the Examiner probably was referring to one particular phrase which appears in claims 34 and 36. Accordingly, Applicant herewith submits a listing of claims showing the proper markings to indicate the changes.

The Examiner is invited after reviewing the foregoing to phone Applicant's undersigned attorney should there be any other instances where the Examiner believes that the appropriate change markings have not been made.

It is believed that no fees or charges are required at this time in connection with the present application. However, if any fees or charges are required at this time, they may be charged to our Patent and Trademark Office Deposit Account No. 03-2412.

Respectfully submitted,

COHEN, PONTANI, LIEBERMAN & PAVANE
